

Mirror Funds

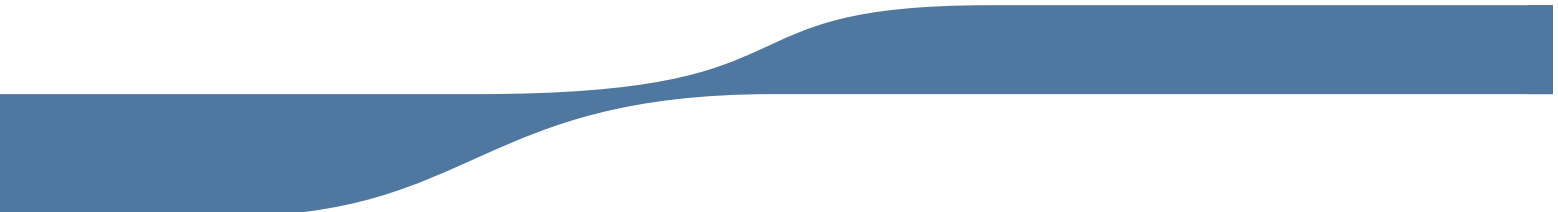

July 2006

This document should be issued and read in conjunction with the Annual Charges leaflet, Fund Prices leaflet and Product brochure.

Access to these funds is only available through the Isle of Man product range.

FRIENDS PROVIDENT
INTERNATIONAL

Friends Provident International Limited operates a range of funds known as Mirror Funds. The concept is simple: agreements have been set up with investment houses worldwide allowing us to link to specially selected funds chosen on the basis of performance and investment expertise. These Mirror Funds can only be accessed using Friends Provident International Limited's investment plans.

Definition of a mirror fund

For each fund managed by external investment managers Friends Provident International Limited has set up its own fund which invests solely in the underlying fund, apart from a proportionately small amount which may be held as a cash balance. Friends Provident International Limited is the absolute legal and beneficial owner of all the assets which relate to each fund. Policyholders have no rights or entitlement to these underlying assets. The price of the Friends Provident International fund will be different from the corresponding fund but should move broadly in line with it. We currently offer funds managed by a range of the world's leading investment houses.

Please note that there are fees charged to your investment in the Mirror Funds that would affect its return. For details, please refer to the relevant product brochure.

Charges

Underlying Charges

As is common with this type of investment, the normal charges of the underlying assets also apply (i.e. initial charges and annual management fees). However, our managers purchase units at a substantial discount, which is then passed on to the benefit of the policyholder.

The underlying charges can vary between 0.1% and 3.35%, dependent upon the funds chosen. Please refer to the Annual Charges leaflet for full details.

Units in the funds are normally bought and sold using the 'bid' (selling) price. However, some products do contain a 7% bid/offer spread - please refer to the individual product brochures for details.

Closure of a mirror fund

Sometimes we may close a mirror fund if we reasonably believe it would be in policyholders' best interests to do so, or if the underlying fund will no longer be available. If we do decide to close a fund, we will give policyholders written notice of at least three months (or such shorter notice period as approved by the Hong Kong Securities and Futures Commission) before the fund is to close.

Advantages of the mirror fund range

Specialist expertise

- Award-winning expertise from some of the world's leading investment managers.
- Investment management by specialists in specific areas, creating the potential to achieve even higher capital growth.

Extensive choice

- Access to every geographic area, including all major and emerging markets.
- Wide range of investment vehicles to choose from - equity, bond, deposit, managed, thematic and alternative strategy funds.

Easy access

- Access to top performing funds at low investment levels not normally available to individual investors.

Flexibility

- Unlimited switching at any time. This facility allows you to change your investment risk profile or benefit from changing market opportunities. Please refer to the individual product brochures for details on charges, if any.
- Ability to construct a portfolio tailored to individual risk profiles.
- No restrictions on one asset type or one fund manager.

Evolving range

- The investment marketplace and our range of funds are continually monitored to identify new investment opportunities.

GUIDE TO THE RISK/REWARD PROFILE

Grade 1

Funds offering conservative return similar to money market rates.

Grade 2

Low risk funds offering security and potential growth.

Grade 3

These funds take a balanced approach to investment by holding a diverse portfolio of assets.

Grade 4

A more focused equity exposure provides good growth potential with the risk of short-term volatility.

Grade 5

These aggressive funds balance the risk of high volatility with the potential for high capital growth.

Friends Provident International Limited's Mirror Funds authorised for sale to residents of Hong Kong

The underlying investments of these funds are authorised unit trusts. Please refer to the corresponding prospectuses for details of investments, which will be made available by Friends Provident International Limited.

Important Notes

Source: Friends Provident International Limited.

Past performance should not be viewed as an indication of future performance. Fund prices may go up and down depending upon underlying investment performance, and the value of your investment cannot be guaranteed. Investments held within a fund may not be denominated in the currency of that fund and the value of those assets can go up and down simply because of movements in currency exchange rates. All fund performance quoted is net of annual charges. You may get back less than you paid in.

Some telephone communications with the Company are monitored and may be randomly monitored or intruded into.

Holders of policies issued by the Company will not be protected by the Financial Services Compensation Scheme if the Company should become unable to meet its liabilities to them. Policyholders will receive the protection of the Life Assurance (Compensation of Policyholders) Regulations 1991 of the Isle of Man.

Hong Kong resident Policyholders will be protected by the non-exclusive jurisdiction of the Hong Kong Courts.

Complaints we cannot settle can be referred to the Financial Services Ombudsman Scheme for the Isle of Man or the Financial Ombudsman Scheme in the UK, depending on the parties involved.
